You agree and consent to us, or agents acting on our behalf, making a verification request to an electronic identity verification service provider to assist in verifying your identity for the purposes of the Mauritius' AML/CTF Regime, or related rules and regulations. You also agree and consent to the disclosure of your Personal Information for this purpose including your name, residential address and your date of birth. If you do not wish for your Personal Information to be disclosed to electronic identity verification, you must notify us prior to us making the verification request, and we will provide you with an alternative means of verifying your identity.
2. The Company may impose minimum initial balance requirements from time to time by notice on our website.
3. The Company may in its absolute discretion reduce or waive the minimum deposit amount, the minimum account balance, fees (including royalties or fees for third party services) or transaction charges, for individual clients or for classes of clients, for any length of time, with or without conditions, upon prior notice.
4. The Company does not accept property from you as Collateral unless it is to meet Margin Calls in special agreed circumstances. Any Collateral transferred by you to the Company or held by the Company on behalf of you is pledged as a security for any liability that you may have towards the Company. You warrant that all such Collateral are beneficially owned by you and are and will remain free from any lien, charge, security interest and other encumbrance. If you fail to fulfil any obligation under this Client Agreement, the Company is entitled to sell any Collateral immediately

without notice and by the means and at the price that the Company in its reasonable discretion determines. the Company shall not be liable for any loss occasioned by such sale.

5. Where you are more than one person, the account shall be established in both your names as joint tenants unless you specifically advise otherwise (in which case it shall be established in your names as tenants in common). In any case, the parties to such joint account shall each be jointly (together) and severally (individually) liable.
6. No one except you has an interest in your account with the Company opened for the purposes of this Client Agreement.
7. Prior to approving your account, you must have successfully completed the suitability assessment to the Company's satisfaction. Notwithstanding this, the Company reserves the discretion to deny establishing an account for any person without needing to justify that decision to that person.
8. We also assess your client classification from time to time. If you satisfy the criteria to be classified as a professional client, we may classify you as such, upon prior notice.
9. You acknowledge that we may require information from you from time to time to comply with the Mauritius' AML/CTF Regime. By submitting an Application Form, opening an Account or transacting with us, you undertake to provide us with all information and assistance that we may require to comply with the Mauritius' AML/CTF Regime.
10. We may pass on information collected from you and relating to transactions as required by the Mauritius' AML/CTF Regime or other applicable laws and regulations and we are under no obligations to inform you that we have done so. We may undertake any such anti-money laundering and other checks in relation to you (including sanction lists and countries list) that we deem necessary or appropriate, and we reserve the right to take any associated action without any liability whatsoever to you.
11. You also warrant that you are not aware and have no reasons to suspect that:
  - (a) the money used to fund your Account has been or will be derived from or is related to any money laundering, terrorism financing or other illegal activities, whether prohibited under Mauritius' law, international law or convention, or by agreement; or
  - (b) the proceeds of your investment will be used to finance any illegal activities.

12. The following figures on your Account are calculated on real time and are detailed as follows:

**A. Balance:** (which does not include the unrealised P&L of the current open positions)

= Deposits - Withdrawals + Realised Total P&L of closed positions (but does not include the unrealised P&Ls on the open positions)

**B. Available Balance:** (which means amount available to be used for new positions or to withdraw)

= Balance + Unrealised Total P&L on open positions + (daily Overnight Funding rate for all open positions x number of days) - Total of Initial Margins

**C. Open or Running P&L:** (which means the profit and loss for all open positions)

= the total of (P&L + daily Overnight Funding rate x number of days)

**D. Equity:** (which means the current account valuation when all positions are liquidated)

= Balance + Net P&L

*Your 'Available Balance', 'Net P&L' and 'Equity' are constantly calculated in line with the market movements. If the 'Equity' falls below the total of Initial Margin requirements you will receive an Alert when you log onto your Trading Account and your positions are at risk of being liquidated. If the "Equity" touches or falls below the total of Maintenance Margin requirements your positions are at immediate risk of being liquidated. Furthermore, if your Margin Level drops below the automatic stop-out level set by the Company, your trades will be automatically liquidated to prevent further losses*

*It is your responsibility to ensure that your account is sufficiently funded at all times, especially during volatile periods.*

### 13. Currency Conversion

If any of your positions are denominated in a currency other than the Base Currency of your Account, the unrealised P&Ls will be continually valued in your Base Currency based on the applicable Company's foreign exchange rate. Your statement will then also value all your positions in your Base Currency.

**6. CLIENT MONEY**

1. We deposit any funds paid by you into our trust account, which is an account operated separately from our own house funds account.
2. All money paid to us by you or a person acting on your behalf, or which is received by us on behalf of you, will be held by us in one or more segregated trust accounts with an approved bank. Such segregation of your money does not protect your money from the risk of loss arising from the Company's inability to pay back part or the full amount owed to you. These moneys do not constitute a loan to us and are held on trust by us. You agree and acknowledge that individual Accounts of our clients are not separated from each other within the segregated trust accounts operated by us and that your moneys may be co-mingled with our other clients' moneys, and that we will not be liable for the insolvency or any act or omission of any banks holding the trust accounts. Furthermore, you understand the possible risks of this as explained in the Risk Disclosure Statement, that you have received or downloaded.
3. Unless expressly notified, we shall deem you to be a retail client. We reserve the right to review your account and reclassify you as a different client classification (e.g. professional client) at our absolute discretion. We will not use client money to margin, guarantee, secure, transfer, adjust or settle dealings in derivatives by us or on behalf of people other than you. Generally, we only use house funds as collateral or margin with our hedging counterparties.
4. Your client money may only be withdrawn from the segregated client trust account in the following circumstances:
  - (a) where you are entitled to the money and have submitted a valid, written request to withdraw the funds that has been accepted by us;
  - (b) where there are no outstanding liabilities on your account with us;
  - (c) where a fee or charge or interest has accrued on your account with us;
  - (d) where required by law or in compliance with the Operating Rules of a licensed market; and
  - (e) where you have accrued a realised trading loss on your account.

Where the withdrawal is for any liability owed towards the Company, we reserve the right to withdraw that amount at any time, in our sole discretion.

5. Positions are marked-to-market with payments being settled daily to account for market movements. This means that the aggregate net unrealised and realised profit accruing to clients shall be transferred into the client trust account as at the end of each business day. You also authorise and consent to the aggregate net unrealised and realised client loss to be transferred out of the client trust account by the Company. The Company reserves the right to withdraw funds to which it is entitled from the client trust account at their leisure.
6. We are required to comply with various record-keeping, reconciliation and reporting obligations in relation to all client money held in the client money trust bank account. Under these rules, we must:
  - (a) Keep records of retail and sophisticated client money received and retain such records for 7 years;
  - (b) Perform a daily and monthly reconciliation of the retail and sophisticated client money on our accounts with the actual retail and sophisticated client money held in the client money trust;
  - (c) Notify FSC if we identify a breach of the client money segregation or if a discrepancy is identified by the reconciliation;
  - (d) Establish, implement and maintain policies and procedures
7. Once withdrawn from the client money trust account, monies shall accordingly be treated as the legal and beneficial property of the Company, subject to an obligation by the Company to transfer an equivalent back to Client in accordance with their rights under this Client Agreement.
8. Whilst we remain ultimately responsible for the client money segregation, protection and handling of the client money, certain functions unrelated to the provision of financial services are handled by our affiliated company in certain jurisdictions. These services include payment processing.

## **7. MULTIPLE ACCOUNTS**

1. You may open one profile account by using a single email address detail. This profile account may have up to 15 trading accounts denominated in different currencies. The operation of multiple accounts may mean that you incur additional costs (for example, inactivity fee).
2. You may open opposite positions in the same currency cross (for example) on the same trading account. Such positions will not cancel (close) each other out. You are specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby

consequently all incur a cost for such roll-over.

3. Keeping opposite positions open on different trading accounts will result in both positions being continuously rolled over (and thereby continuously being charged the applicable Overnight Funding Fee) until manually closed.
4. If you have opened more than one trading account, Margin or Collateral deposited on one trading account will not automatically serve as Margin coverage on the other trading account(s). You may therefore receive Margin Calls and Closed Outs on one trading account despite having additional collateral available on other trading accounts. It is your sole responsibility to manage your available Margin or Collateral to satisfy your margin obligations.
5. However, if you have deposited money or Collateral on one trading account, the Company may (but without creating an obligation to do so), transfer money or Collateral from one trading account to another, even if such transfer will necessitate the closing of margin trades on the trading account from which the transfer takes place.
6. Where you have opened more than one trading account with us, we will treat your trading accounts as entirely separate except as otherwise expressly provided in these Terms. Any amount standing to your credit on one trading account does not, except where we exercise our rights under this Client Agreement, discharge any of your liabilities in respect of another trading account.
7. In this case, all references to your trading accounts in this Client Agreement are taken to be your aggregated accounts.

## 12. AUTHORISATIONS AND ORDERS

### (1) Orders

- (a) You may communicate your instructions to the Company via the on-line trading facility. Email orders will not be accepted unless expressly agreed upon, pursuant to a prior written arrangement between the Company and you.
- (b) The Company reserves the right, at its sole discretion and without explanation, to refuse to deal on behalf of you in relation to any over-the-counter Financial Products or to limit the number or size of open positions held on behalf of you or both. The Company will inform you of any refusal before or as soon as practicable after such refusal.
- (c) In consideration of the Company agreeing to accept instructions from the trading facility or email from you, Client acknowledges that the Company has sole discretion whether to accept or reject orders without explanation.
- (d) We may, in our sole discretion, allow you to specify a Closing Price for a position through a Stop Loss and Take Profit order, subject to any terms and conditions we may implement from time to time.
- (e) Upon your offer and our acceptance of your Order, you hereby authorize us to close the position at the Stop Loss price or Take Profit price, as applicable, and as agreed in the Order, without further instruction from or notification to you. We may, in our sole discretion, close the position when the price quoted by us on the Company's Platform equals or exceeds the price accepted by us for such an Order.
- (f) We may, in our sole direction, allow you to request the opening or closing a position, including a Stop Loss and Take Profit Order, within a specific time period determined by you. If we have accepted such a request, we may, in our sole discretion, close the position within such specific time period. You acknowledge and agree that we shall not be obliged to close

such position outside such specific time period or which does not otherwise comply with any other limitations agreed upon with respect to such position.

- (g)** We may, in our sole discretion, accept an offer to place a trailing stop in relation to a Stop Loss. You acknowledge that the original price level set forth in a Stop Loss may be amended as the market on the Company's Platform moves in your favour. Whilst your trailing Stop Loss is still in effect, you agree that each change in the market by at least one pip in your favour shall constitute a new offer by you to raise the level of your trailing Stop Loss by one pip. Changes in a Pip will be rounded to the nearest absolute value in your base currency.
- (h)** You acknowledge and agree that due to market volatility and factors beyond our control, we cannot guarantee that an Order will be executed at the level specified in your Order, for example, an Order may be closed at a worse price than as originally specified by you in such an Order. In such an event, we will close the position at the next best price. For example, with respect to a Stop Loss, in the case of a long position, the price may suddenly decrease below the Stop Loss price, without ever reaching the specified price. In the case of a short position, the price may suddenly increase above the Stop Loss price, without ever reaching the specified price.
- (i)** With respect to a Take Profit, where the price for the Underlying Instrument moves to your advantage (for example, assuming you have a long position, if the price goes down as you buy or the price goes up as you sell), you agree that we can (but we are under no obligation to) pass such price improvement on to you. For example, in the case of a long position, the price of the Underlying Instrument may suddenly increase above the Take Profit price, without ever reaching the specified price. In the case of a short position, the price of the Underlying Instrument may suddenly decrease below the Take Profit price, without ever reaching the specified price.
- (j)** Where errors have occurred in price quotes provided by, or the pricing of transactions quoted by the Company to you, the Company reserves the right to not be bound by such a quote or transaction where the Company is able to substantiate to you that there was a material error at the time of the quote or transaction. Where this occurs in relation to the initial purchase of a Financial Product, the Company will not issue (or if already issued will cancel) the contract and refund your money accordingly. Where this occurs in relation to a price quote for an

existing position, the Company will re-issue the price quote accordingly.

- (k)** the Company will not be liable to you or any other party should it act on instructions that are unauthorised, forged or fraudulently given. All instructions shall be deemed to have come from you.
- (l)** You shall be responsible for all orders, and for the accuracy of information, sent via the internet using your name, password or any other personal identification means implemented to identify you.
- (m)** You are obliged to keep all passwords secret and ensure that third parties do not obtain access to your trading facilities.
- (n)** Mere transmission of an instruction by you shall not constitute a binding contract with the Company until your offer is accepted by the Company via the Confirmation (for the avoidance of doubt, a binding contract may still exist notwithstanding the failure to receive a Confirmation).
- (o)** You will execute or otherwise authorise the Company to execute all such agreements as required to enable the provision of the services contemplated in this Client Agreement.
- (p)** You shall promptly provide any instructions to the Company, which the Company may require. If you do not provide such instructions promptly the Company may, in its absolute discretion, take such steps at your cost, including but not limited to the closing out of any open positions, as the Company considers necessary or desirable for its own protection or the protection of you. This provision also applies in situations when the Company is unable to contact you.
- (q)** In general, the Company shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act within a time frame reasonably seen in the context of the nature of the instruction. However, if after instructions are received, the Company believes that it is not reasonably practicable to act upon such instructions within a reasonable time, the Company may defer acting upon those instructions until it is, in the Company's reasonable opinion, practicable to do so or notify you that the Company is refusing to act upon such instructions.

**(2) Authorisations**

- (a) If and only if you are a legal entity other than a natural person, you may authorise an employee, contractor, officer or other representative (Authorised Person) to give instructions (via the agreed methods) on your behalf and the Company is entitled to act upon instructions which are or appear to be from you or any Authorised Person. It is your responsibility to notify the Company in writing immediately if there is any change to the Authorised Person list provided pursuant to this Client Agreement.
- (b) Persons may only be appointed as Authorised Persons where they are an employee, contractor or officer of a corporate Client.
- (c) The Company will accept instructions from an Authorised Person but is under no obligation to enquire as to the identity of any person providing the instruction. The Company may act on instructions received from any person who appears to the Company to be an Authorised Person whether or not such person is listed as an Authorised Person. The Company will not be liable for any properly performed action or omission in reliance on that instruction.
- (d) Authorisation to third parties by natural person accounts is prohibited. The Company does not advise on, deal in or provide managed discretionary account services.

**(3) Authorisations and instructions provided via the on-line trading facility.**

- (a) The Company will not be deemed to have received any order or communication until the Company has actual knowledge of any such order or communication. The terms of any order or communication electronically transmitted to you may be subject to change or correction. Any instruction sent electronically shall only be deemed to have been received and shall only then constitute a valid instruction when such instruction has been recorded as executed by the Company.
- (b) You acknowledge and warrant that you have received a password granting you access to the on-line trading facility, you are the sole owner of the password provided and you accept full responsibility for any transaction that may occur on an account opened, held or accessed through the use of the password provided to you by the Company, even if such use may be

unauthorised or wrongful. You agree to accept full responsibility for the use of the on-line trading facility, for any orders transmitted through the on-line trading facility and for all communications and the accuracy of all information sent via the on-line trading facility using your name, password or any other personal identification means implemented to identify you.

- (c) You warrant and agree that any person who is in possession of any password is authorised by you, and you acknowledge that you will be responsible for any actions on your account associated with the use of your password.
- (d) You agree to notify the Company immediately should you become aware of any unauthorised use, loss or theft of your username, password or account numbers; or inaccurate information with respect to the content of statements including, cash balances, open positions or transaction history.

### **13. ENTERING INTO A TRANSACTION**

1. You may request on any given Business Day, via the trading platform for the Company to quote a price at which the Company may be prepared to enter into a Financial Product. You acknowledge that a price quotation pursuant to this request does not constitute an offer to transact.
2. Upon receiving the quote from the Company, you may via the trading platform, place an order, thereby offering the Company to enter into a Financial Product transaction with you at the price quoted by the Company.
3. The Company is in no way obliged to accept your offer to enter into a Financial Product transaction and, without limitation, has absolute discretion not to accept your offer to enter into a Financial Product transaction, if you have exceeded or would exceed a predetermined limit imposed on you under this Client Agreement; or until the Company has received from you the Initial Margin where required, in the form of cleared funds. The Company will promptly advise you, should the Company decide not to accept your offer to enter into a Financial Product transaction.
4. If not already received from you, the Initial Margin will be payable to the Company upon acceptance by the Company of your offer to enter into the Financial Product transaction.
5. Should the Company accept your offer to enter into a Financial Product transaction, the Company

will issue to you an email Confirmation 1 to 2 business days after the Financial Product transaction has been entered into. Regardless of the fact that the on-line trading facility might confirm that a contract is executed immediately when you transmit instructions via the on-line trading facility, the email Confirmation forwarded by the Company constitutes the Company's official Confirmation of a contract. Failure by the Company to issue a Confirmation will not prejudice or affect the relevant Financial Product transaction. The Company will not bear any liability whatsoever resulting from the failure to issue a Confirmation.

6. For the avoidance of doubt, a Confirmation is provided on a transaction-by-transaction basis 1 to 2 days after the transaction in the form of an email from the Company. The Confirmation will contain the identification details of the product issuer, your account details, date of the transaction, description of the transaction, amount payable and any taxes or stamp duty applicable to the transaction.
7. You agree to examine the terms of each Confirmation immediately upon receipt and you agree that the contents of the Confirmation, in the absence of manifest error, will be conclusive evidence of the executed deal, unless within 48 hours of issue of a Confirmation you notify the Company of any disputed detail in the Confirmation received by you. Upon receipt of written notice within the 48 hour period of the disputed detail, the Company will investigate the dispute and with your co-operation, will endeavour to resolve the dispute.
8. Notwithstanding any such dispute, you will continue to satisfy any obligation including but not limited to the obligation to pay Margin Calls made by the Company in respect of the transaction as if the Confirmation was correct and its details were not the subject of dispute.
9. In its absolute discretion, the Company reserves the right to limit the value of Financial Product transactions you may enter into under this Client Agreement. Should you wish to enter into any further Financial Product transactions, you must seek and obtain approval from the Company, which the Company may grant or refuse in its absolute discretion.
10. Orders may be placed as market orders to buy or sell an instrument as soon as possible at the price obtainable in the market, or limit and stop orders to trade when the price reaches a predefined level, as applicable to the various instruments offered. Limit orders to buy and stop orders to sell must be placed below the current market price, and limit orders to sell and stop orders to buy must

be placed above the current market price. If the bid price for sell orders or ask price for buy orders is reached, the order will be filled at the price obtainable in the market and when the Company is able to fully hedge the transaction with its hedge counterparties on a back-to-back basis. Limit and stop orders are thus not guaranteed executable at the specified level or amount, unless explicitly stated otherwise by the Company.

11. If you provide the Company with standing instructions to enter into a Financial Product transaction when a particular price level is reached in the market of the Underlying Instrument, you acknowledge that the price at which the Financial Product transaction is entered into may not be the same as the price requested by you as the Company may elect not to enter into the Financial Product transaction until it has satisfied itself that it can hedge its exposure to you on a back to back basis.

#### **14. EXECUTION OF ORDERS**

1. The Company undertakes and you acknowledge that in respect of dealings in the Financial Products, and in compliance with the applicable Securities Business Investment Laws and regulations and exchange Operating Rules requirements, the Company shall execute all dealings in the sequence in which they are received and recorded, unless in the Company's discretion it would be fair and equitable to allocate such contracts on a different basis.
2. Upon your request the Company shall provide you with contract notes and monthly statements.
3. It is the responsibility of you on receipt to carefully check all Confirmations and statement documentation (whether received/accessed electronically or otherwise) and to bring any errors or omissions to the attention of the Company in writing within 48 hours. In the absence of such written objection, the contract notes and monthly statements shall be deemed correct in all respects.
4. The Company may, in its absolute and sole discretion, execute a Stop Loss order in relation to any contract where there are reasonable grounds to believe that subsequent price movements may be adverse to you. The Company shall not be liable to you for any failure to exercise this discretion. A stop loss order is triggered when you have a short position and the contract is traded at or above the stop loss price; or when you have a long position and the contract is traded at or below the stop loss price. Once a stop loss order is triggered or executed, it becomes a market order and the

Company shall use its reasonable endeavours to execute the market order. The acceptance of a stop loss order is not a guarantee or representation by the Company that the stop loss order can be executed at the stop loss price.

5. The Company may at its discretion, aggregate your orders with its own orders or orders of associates and/or persons connected with the Company including employees and other clients. In addition, the Company may split your orders. Orders will generally be aggregated or split where the Company reasonably believes it to be in the overall best interests of Clients, but you acknowledge that on some occasions the consequence of the aggregation or splitting may result in a less favourable price than your order having been executed separately.
6. Financial product trades executed through the Company may be hedged with the Company's service provider in accordance with our risk management framework.

## 15. PAYMENTS AND MARGINS

You agree and acknowledge the following.

- (a) The Company may advise you of the need to provide an Initial or Maintenance Margin by way of the payment of money, or (if the Company so agrees) the lodgement of Collateral, in such amount as determined by the Company in its sole discretion, feels is necessary to protect itself from the personal obligation incurred by dealing in the Financial Products. Prior to entering into a Financial Product transaction, you must deposit cleared funds. The amount required by the Company and the time at which it is required will be at the absolute discretion of the Company. The Company is not obliged to permit any offset of any moneys or Collateral so required by the Company.
- (b) Where you enter a transaction you will be required to pay an Initial Margin (an initial deposit/up- front payment). An Initial Margin means an amount of collateral that is required from you as security to enter into a Margin position. We will require an Initial Margin calculated as a percentage of the Contract Value. The Initial Margin will vary depending on various factors such as but not limited to, the type of product you trade, market volatility and the liquidity of the Underlying Instrument on which the product is based and is determined at the Company's discretion.

- (c) The Company reserves the right to change the Initial Margin Percentage in its sole and absolute discretion from time to time. This may (but is not necessarily) due to changes in the volatility of the market or the perceived risk of the specific Margin FX Contract or CFD. It is therefore vital that you frequently monitor the website and the trading platform for any such changes. When a change in Initial Margin occurs, an email and/or push notifications may be issued (where your Equity is above 50% of Total Initial Margin), informing you of the new rates which will apply to both existing and new Positions. Such changes to Initial Margin may trigger a Margin Call if you have not met the new margin requirement, and in this case, a separate Margin Call email may be sent to you.

You will be prevented from opening any further exposures on your Account and the Company will have the discretion to close out your open Position unless and until the new Initial Margin amount is paid to the Company in cleared funds for all your open Positions. In all respects, time shall be of the essence for all payment obligations of you. In order to maintain your open positions, you are required to keep sufficient Equity on your Trading Account to meet the Maintenance Margin.

This is a requirement to maintain Equity above 50% (or as amended on the website from time to time) of the Total Initial Margin required on the entire Account. If Equity touches or falls below the Maintenance Margin level, the Company shall be entitled to close out your positions in its sole and absolute discretion, regardless whether you received any prior Margin Calls.

- (d) The Company reserves the right to change the Maintenance Margin level in its sole and absolute discretion from time to time. This may (but is not necessarily) be due to changes in the volatility of the market. It is therefore vital that you frequently monitor the website for any such changes. Where a change in Maintenance Margin occurs, an email notification may be issued to you (even where your Equity is above 50% of Total Initial Margin), informing you of the new Maintenance Margin level. Such changes to the Maintenance Margin level may trigger a Margin Call if you have not met the new margin requirement, and in this case, a separate Margin Call email may be sent to you. You will be prevented from opening any further exposures on your Account and the Company will have the discretion to close out your open positions unless and until the new Maintenance Margin amount is paid to the

Company in cleared funds for all your open positions. This figure is calculated as the new Maintenance Margin Percentage multiplied by the Total Initial Margins paid into the Account.

- (e)** Margin Calls will be made on a net Trading Account basis i.e. should you have several open positions, then Margin Requirements are calculated across the group of open transactions. A Margin Call will be triggered once Equity falls below 70% of the Total Initial Margin paid in the Account. Should the Company decide to issue a Margin Call in this instance, your Account will be prevented from opening any further exposures. Once Equity touches or falls below the Total Initial Margin (i.e. the total Maintenance Margin) on your Account, you will be notified of the Company's rights to close out your positions due to your breach of Maintenance Margin has been enlivened and that your positions are at imminent risk of close out. The Company shall be entitled to close out your positions without further notice unless and until you increase Equity in the Account back above 50% of the Total Initial Margins paid. Deposits must be received as cleared funds.
- (f)** The Company has no obligation to issue any Margin Call. It is your sole responsibility to frequently check your Margin Requirements in your Account. You acknowledge that the Company may close out your positions without further notice once your Equity touches or falls below the Maintenance Margin level regardless whether you have received a Margin Call or not. It is your responsibility to ensure you have sufficient Maintenance Margin and Initial Margin prior to opening any new exposures, regardless whether you have received a Margin Call or not. Given the dynamic nature of financial markets you may in practice wish to deposit a slight buffer in addition to making up the shortfall, in case your positions move against you and increase your margin further.
- (g)** Any exercise by the Company of any power or right under this clause, including, without limitation, the calling of Margin, shall be binding on you.
- (h)** Where you trade via the trading platform, we will notify you of Margin Call via 'pop-up' screens on the trading platform (despite that we are under no obligation to do so), and you are required to log-in to the system when you have open positions to ensure you receive notification of any such Margin Calls and ensure that there are enough funds in your account to maintain your positions open.

- (i) Where you have not checked the trading platform for Margin Call notifications, all margined positions may be closed out by the Company, without further reference to you.
- (j) This process may be performed by our internal automated Close-Out Monitor ('COM') system, Close Out some or all open positions until the Maintenance Margins paid on your Account are fully covered by Equity. When closing positions, the automation liquidation procedure will begin by closing the positions with the largest losses first, until the margin level goes back up above the margin stop out level. It is important to note that any open positions are deemed to be at risk of being Closed-Out as soon as your Account touches or falls below the Maintenance Margin.
- (k) A Margin Call will not be considered to have been met UNLESS AND UNTIL cleared funds have been received by the Company in the nominated account.
- (l) If the Margin Call is not met and the account reaches the Close-Out Margin Level, trades will be automatically closed via Stop Out. The Company reserves the right to refuse any further requests to enter into new contracts in such circumstances.
- (m) No credit shall be extended directly or indirectly to you by the Company, unless otherwise agreed in writing.
- (n) Subject to you meeting all Margin obligations, the Company may permit you to withdraw from its account any excess Equity.
- (o) Your obligations under this Client Agreement and under or in respect of any other Account between the Company and you may be applied against any amounts you hold in the Company's client trust account. Until all your obligations to us are satisfied, your funds in the client trust account will not constitute a debt due from the Company to you nor will you have any right to receive payment of these funds.
- (p) Where possible, we will ordinarily remit money in the same method and to the same source from which it was received. We reserve the right to decline or cancel a withdrawal request with a specific payment method and suggest another payment method for which you will need to proceed with a new withdrawal request and supply further supporting documentation, upon request, for our internal checks and proper processing of the withdrawal request.

- (q) Withdrawals from your Trading Account are carried out by us within a minimum of one (1) business day and up to three (3) business days upon receipt of the withdrawal request. Please note, however, that withdrawals may be subject to additional processing time depending on the procedures of the third-party payment providers, the banking institutions and the jurisdictions in question. Withdrawals may be subject to further delays if a security review is undertaken by third-party payment providers or by us. Upon submitting the withdrawal request, the request is processed and the requested withdrawal amount will be deducted from your Trading Account balance. During such time and until the withdrawal request is in the status "Pending", the withdrawal request can be cancelled by you and the requested withdrawal amount will be added back to your Trading Account balance. However, if the withdrawal request is in the status "Processing", the withdrawal request can only be cancelled by the Company and if such request has been processed, we are unable to cancel the withdrawal.

## 16. MAINTAINING AND CLOSING A TRANSACTION

### (1) Closing a CFD

- (a) You agree and acknowledge that:
- i. At any time, you may give the Company via the trading platform notice of your intention to close any CFD (whether in whole or part) by specifying the Underlying Instrument and the proportion of the CFD that you wish to close.
  - ii. Upon receipt of a Closing Notice, the Company shall use reasonable endeavours to provide a quote for the Closing Price and notify you of that quote ( via trading platform ). It is your obligation to notify the Company as soon as possible ( via trading platform) as to whether you are willing to offer to close at the Closing Price. Should the Company accept the Closing Price, the CFD, or relevant portion of the CFD, will be closed on the Closing Date.

- iii. If a company, whose security represents all or part of the subject matter of a CFD, becomes externally administered, the CFD is taken to have been closed at the time that such administration commences. The Closing Price shall be determined by the Company who may have regard to any factors it considers appropriate including, for example, the last traded price of the Underlying Instrument.
- iv. Without limiting the Company's discretion, if any of the Underlying Instruments cease to be quoted on a Relevant Exchange, or are suspended from quotation, or subject to a trading halt for 5 or more consecutive Business Days (or such other time as the Company may reasonably determine), the Company may, in its absolute discretion, elect to terminate the relevant CFD by providing written notice to you.
- v. It may not be possible to close out a CFD if there is a suspension or trading or a trading halt in respect of the Underlying Instrument. In such a circumstance, the Company may decide, in its absolute discretion, not to close a CFD and/or provide a re-pricing of the position.
- vi. As at Business Close on the day that a CFD is closed out, the Company will calculate the remaining payment rights and obligations between you and the Company immediately.
- vii. All determinations and calculations made by the Company pursuant to this Client Agreement will be binding on you.

## **(2) Payments for Difference**

- (a) You agree and acknowledge that:
  - i. Following Business Close on each Business Day during the term of an open CFD, the Company will determine at Business Close the Contract Value of the CFD.
  - ii. If the Contract Value determined is higher than the Contract Value determined in respect of the Business Close on the previous Business Day, then the Short Party must pay to the Long Party the difference.
  - iii. If the Contract Value determined is lower than the Contract Value determined in respect of the Business Close on the previous Business Day, then the Long Party must pay to the Short Party the difference.
  - iv. The Contract Value at Business Close on the Business Day on which the CFD is entered into is

determined by the Company in its discretion.

- v. The Contract Value determined under clause 17.1(a) will ordinarily be the closing price of the Underlying Instrument quoted by the Relevant Exchange. Where the Company determines that the Contract Value of a CFD at Business Close cannot be determined on that basis for any reason, the Contract Value will be the value determined by the Company in its sole discretion.
- vi. Without limiting sub-clause(v), if at any time trading on a Relevant Exchange is suspended or halted in any Underlying Instrument, the Company will, in determining the Contract Value, at its discretion have regard to the last traded price before the time of suspension or halt.

### **(3) Settlement of Positions**

- v. the Company reserves the right to offset any money owed to you under this Client Agreement or any other agreement against any money owed by you under this Client Agreement or any other agreement; and
- vi. if you have requested payment of any money owed to you under this clause, the Company will deduct any funds eligible for withdrawal from your Account and pay it to you by cheque or in such other manner as may be agreed between the Company and you. If you have not requested payment of any money so owed to you it will be retained in your Account.

***(4) Interest Adjustments and Swap***

- (a)** Interest payments arising from borrowings by the Long Party under a CFD or by the Company from the Short Party under a CFD, as well as Swap charges or credits for forex or CFD trading, shall accrue and be payable on a daily basis at the Company's prevailing rates of interest (determined at the Company's sole discretion from time to time). These payments shall be settled by the Company by debiting or crediting your account with the daily interest rate differential, which includes the amount of interest payable by you and the amount of interest payable by the Company to you. Should there be insufficient Margin in your account, you acknowledge that any amount due under this clause constitutes a debt due and owing by you to the Company.
- (b)** In debiting or crediting interest or Swap amounts to your account, the Company may apply rates different from those charged or credited to the Company on equivalent borrowings of foreign currency (or otherwise) by a bank or counterparty and may retain any resulting difference.

your Base Currency is for information only.

This means that following a non-Base Currency position being closed, rolled over or expiring, the profits or losses from that position will be automatically converted to your Base Currency and posted to your Account in that Base Currency. We will also by default automatically convert any non-Base Currency adjustments or charges (for example funding charges or dividend adjustments) to your Base Currency, before such adjustments or charges are booked on your Account and we will automatically convert any money received from you in a non-Base Currency into your Base Currency.
